

PLASTIMAYD*Airborne****AIR MATTRESSES**

with Exclusive Patented CURVLINE* WELD Construction

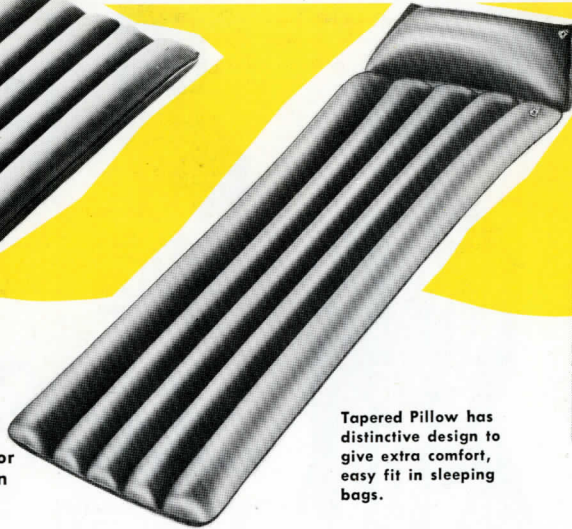

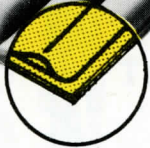

Made of tough durable, yet always soft and pliable Lo-Temp Bakelite KRENE.

U.S. Patent
No. 2-842-783

**CURVLINE*
WELD**

Eliminates major points of strain

Tapered Pillow has distinctive design to give extra comfort, easy fit in sleeping bags.

King Size Double-Width STATION WAGON MAT

Same as Regular Style "Airborne" mattress, but double size, 65" x 72 1/4" to fit in station wagons and double sleeping bags. Makes a truly luxurious bed. Exclusive Plastimayd Patented CURVLINE* weld construction, of course.

- Easy-flow air passages at both ends equalize air cells for comfort.
- Unbreakable, non-clogging, dual air valve control; easily inflated by mouth, (easier by Speed Pump).
- One-year warranty, comes with handy maintenance kit.

No. H-357 Weld Size: 65" x 72 1/4" Tan

King Size "Airborne" REGULAR STYLE MATTRESS

Made of high performance Bakelite KRENE. Holds size and shape permanently. Quality Super-Weld* construction, welded electronically. Patented CURVLINE* welds at both ends for exceptional sturdiness.

- Easy-flow air passages at both ends equalizes 5 tubes at all times.
- King Size: 32" x 72 1/4" (Weld Size)
- "Push-pull" air valve won't break, easy to use.
- Guaranteed 1 year, maintenance kit included.

Available in colors:

No. H-317 Tan
No. H-313 Orange
No. H-314 Yellow

No. H-315 Blue

No. H-3145 Yellow/Blue

King Size PILLOW "AIRBORNE"

Same rot and mildew resistant, tough, durable Bakelite KRENE. Separate air valves for unique tapered pillow and 5 tube mattress. CURVLINE* welds (see above) at each end. The ideal mattress for camping, patio, beach, hunting, etc.

- Generous weld size: 32" x 72 1/4"
- Two "push-pull" air valves for mouth or Speed Pump.
- Guaranteed 1 year, maintenance kit included.

No. H-337 Tan

No. H-3335 Orange/Blue

Regular Size KRENE MAT

Same marvelous super-tough Bakelite KRENE, same deluxe Patented CURVLINE* weld construction assures extra long life. Only difference from regular "Airborne" mattress is in size and colors.

- Weld Size: 29" x 69"
- One-year warranty.
- Maintenance kit included.

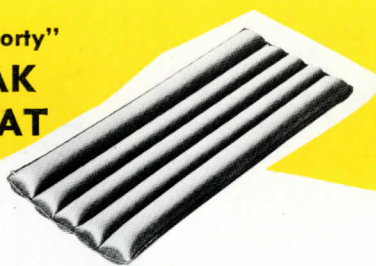

Colors:

No. H-307 Light Tan
No. H-304 Yellow

No. H-306 Light Green

No. H-3046 Yellow/Green

"Shorty" PAK MAT

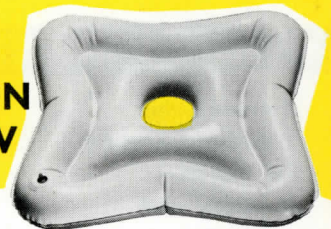

Handy to roll up in a back-pack for the hiker, hunter, or fisherman. Same durable KRENE, same quality "Airborne" construction. Smaller but very adequate for comfort when sleeping on ground. Fits in sleeping bags. Makes good beach or patio float or mat.

- Weld Size: 29" x 55".
- One-year warranty, has maintenance kit included.

No. H-507 Light Tan

AIR CUSHION PILLOW

Wonderful for camping, stadium, ball park, patio or playroom. Fine for invalids, picnics, car seat, or use as a water toy. Equalizer air cells, center circulation vent. Unbreakable non-clogging valve, easily inflated by mouth or Speed Pump.

- Distinctive, attractive design.
- Reverse side in contrasting color.
- Weld Size: 15" x 15".

No. H-369 Assorted 2-color combinations.

The World's Fastest Inflator

PLASTIMAYD

SPEED PUMP
Patent Pending

Revolutionary new hand or foot pump, exceptionally fast, yet exceptionally stable, and very compact. Made entirely of heavy molded rubber—no springs to wear out. Fits any air valve, comes with metal adaptor for insert valves. This is the easiest, fastest of all pumps to operate, with trouble-free valves, high speed "return." No other pump of this type gives you so much in weight, quality, or capacity. Won't wobble or collapse, will last for years. One-year warranty. A tremendous value!

No. 433 Red top, Blue base.

PLASTIMAYD

Waterborne
TRADE MARK
SURF FLOAT

Like the "Airborne" mattresses above, the "Waterborne" float is made of tough, rot and mildew resistant Bakelite KRENE in a new weatherproof formula. Quality made, welded electronically, the ends of the 5 air tubes are closed with exclusive Plastimayd CURVLINE* weld, specially shaped to accommodate the ties. A versatile mat for fun at the beach, on the patio, in the pool, or camping.

- Weld Size: 29" x 55".
- Easy-flow air passages at both ends keep 5 air cells equalized at all times.
- Rope tabs stoutly fan welded to the float along CURVLINES*—to stay!
- Stout rope attached to metal rings in tabs.
- "Push-pull," non-clog, unbreakable air valve. Inflated easily by mouth or Speed Pump.

Colors: No. H-554 Yellow No. H-556 Light Green No. H-5546 Yellow/Green

**NEW!
Underwater Patch Kit**

No. 871 BOXER Flex-O-Mend Kit. Use cement with or without patches. Applicator cap on 1 oz. tube plus clear vinyl patch material. Can make watertight patches under water!

**A WORD ABOUT
PLASTIMAYD***Quality*

REGISTERED TRADE-MARKS OF UCC

**MADE
OF***Krene*

Bakelite KRENE used in all Plastimayd products is a special formulation that outperforms and outwears other waterproof materials. It stays flexible in cold weather, won't rot, won't mildew, won't stretch, shrink or lose shape. It is stronger, tougher, virtually abrasion proof! A wonderful electric insulator.

PLASTIMAYD PRODUCTS made of this material are windproof and waterproof. They hold their color permanently.

Ordinary soap and water keeps them looking bright and new. Our electronic Super-Weld* process is your assurance of airtight water-tight seams of amazing strength. Extra long life and reliable service built into every carefully detailed product. 1-year warranty.
